Notes to the Interim Financial Report for the third quarter ended 30 September 2019

Part A - Explanatory notes pursuant to Malaysian Financial Reporting Standard ("MFRS") 134 : Interim Financial Reporting

### A1. Basis of preparation (cont'd)

The Group is in the process of assessing the impact of implementing these Standards since the effect would only be observable for future financial years.

The initial application of the accounting standards, amendments and interpretations that are effective from 1 January 2019 do not have any material financial impacts to the current and prior financial year of the Company except as mentioned below:

#### (i) MFRS 16, Leases

MFRS 16, Leases which is effective from 1 January 2019 replaces the guidance in MFRS 117, Leases, IC Interpretation 4, Determining whether an Arrangement contains a Lease, IC Interpretation 115, Operating Leases – Incentives and IC Interpretation 127, Evaluation the Substance of Transactions Involving the Legal Form of a Lease.

MFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use assets representing its right to use the underlying asset and a lease liability representing its obligations to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard which continues to be classified as finance or operating lease.

The Company has adopted the standard using modified retrospective approach, under which the cumulative effect of initial recognition is recognized in retained earnings. The Company measured the right-of-use assets as if MFRS 16 had always been applied with no restatement of comparative information. The following table shows the impact of changes to the statements of financial position of the Company resulting from the adoption of MFRS 16, *Leases* as at 1 January 2019:

	As at 31 December 2018 RM'000	Initial Recognition RM'000	As at 1 January 2019 RM'000
Non-current assets		70.692	70.692
Right-of-use assets Deferred tax assets	247	70,683 5	70,683 252

## **B3.** Prospect

We will continue to enhance our optical business's tactical branding, and advertising & promotional activities for sustainable growth. It is our on-going effort to open new outlets at strategic locations and at the same time consolidating non-performing outlets. Launching of new store concepts to compete is also a necessity to stay relevant. The Group opened 10 new outlets (included 2 franchised outlets) in the first 9 months and targets to open 2 new outlets in the fourth quarter of 2019.

In respect of the food & beverage business, much emphasis would be placed on strengthening its operation and cost saving to further improve its performance. The Group is also active in expanding Komugi licensing business abroad and its corporate sales business. The Group opened 1 new own Komugi outlet and 4 new licensed outlets in overseas in the first 9 months and expecting to open 1 new licensed outlet in the fourth quarter of 2019.

Premised upon the above, the Group believes it can deliver a satisfactory performance for 2019.
